

Project acronym: CRISP

Project title: Evaluation and Certification Schemes for Security Products

Grant number: 607941

Programme: Seventh Framework Programme for Security

Objective: Topic SEC-2013.5.4-1 Evaluation and certification schemes for security products

Contract type: Capability project

Start date of project: 01 April 2014

Duration: 36 months

Website: www.crispproject.eu

Deliverable D7.2

CEN Workshop Agreement

Author(s): CEN Workshop Agreement participants

Dissemination level: Public

Deliverable type: Final

Version: 2.0

Submission date: 27 June 2017

NOTE TO THE CEN WORKSHOP AGREEMENT

A CEN Workshop Agreement (CWA) is a document published by CEN in at least one of the CEN three official languages. A CWA is an agreement developed and approved in a CEN Workshop; the latter is open to the direct participation of anyone with an interest in the development of the agreement.¹

The CRISP project partners together with other CWA participants have developed the CWA 17147 “Guidelines for the evaluation of installed security systems, based on the STEFi dimensions”. During the development of the CWA, the secretariat was provided by Shirin Golyardi (NEN) and the role of the chairperson by Leon Hempel (TUB).

Availability of CWA 17147

This deliverable does not contain CWA 17147. The CWA has been published by CEN in May 2017 and is made freely available via the following link:

About CRISP

CRISP (Evaluation and Certification Schemes for Security Products; Grant Agreement No: 607941) was a three-year project (April 2014 – March 2017) funded by the European Union’s 7th Framework Programme which aimed to develop the basis for a holistic, pan-European certification scheme that will assist in harmonising the European security market while addressing societal concerns related to security systems such as freedom infringement.²
